

EAWG Mapping Exercise

Malcolm Coull

10th August 2011

**EAWG (Ecosystem Approach Working Group)
Ecosystem Services Theme, RESAS Programme 2011-2016**

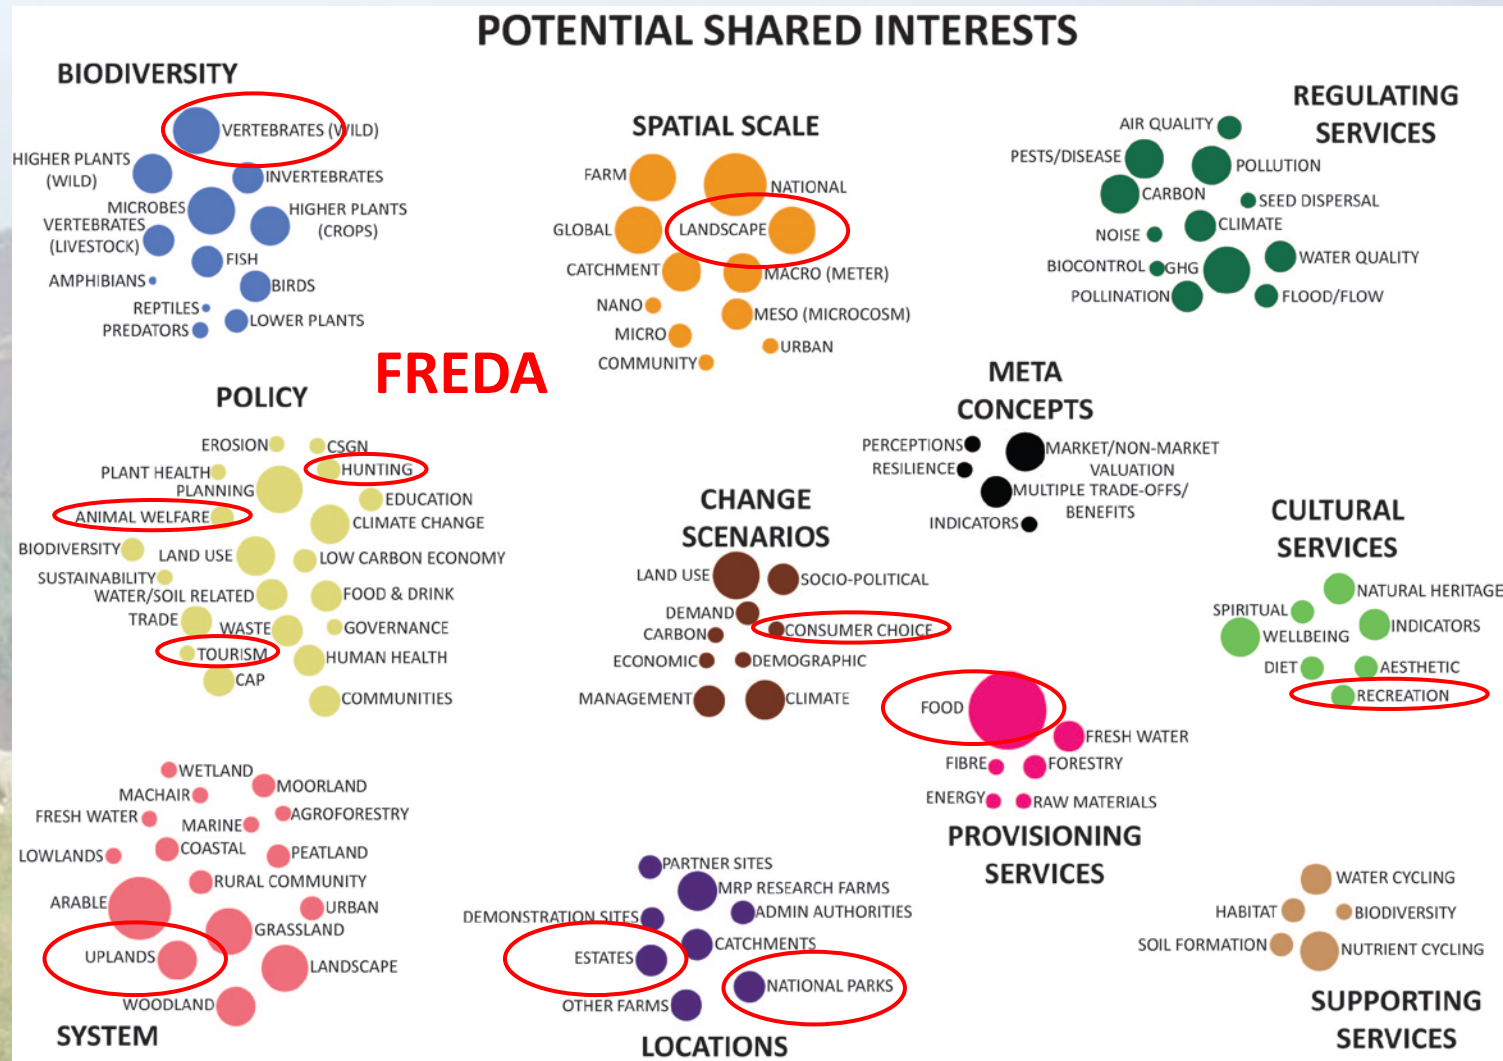

Tell us about your work

- Initial desk based review of research in SG Themes relevant to EA and ESS
- More information collected at May 4th workshop
- Help us build our knowledge base and identify potential shared areas of work

What do I do?

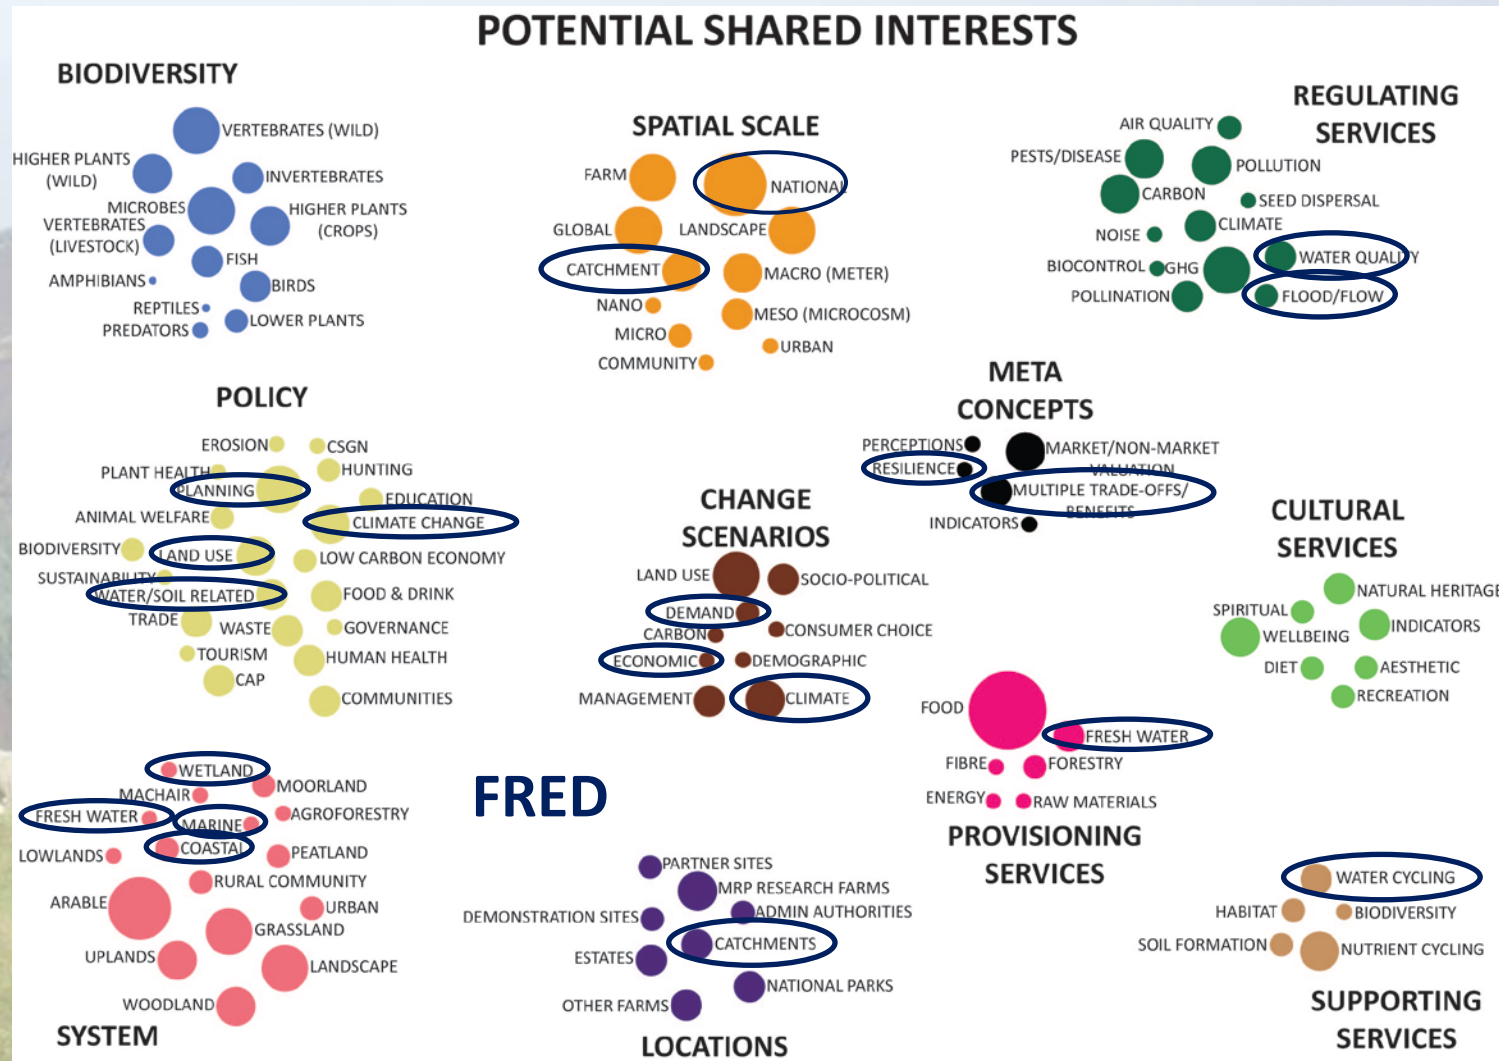

- Each facilitator will give you a coloured pen
- Write your name on the poster with the pen
- Circle any nodes which are relevant to your current or future interests
- If there is a node you feel should be there, draw it in the appropriate section
- If there's anything else you think we should know or want to bring up, write it on a post-it and stick it on the map

Example 1 – deer ecologist
