10:25 -  
10:50  
**Welcome and introduction**  
*Round table introductions*

10:50 -  
11:05  
**The role of scenarios in decision-making: seeking synergies across research, policy and application**  
*Presentation by Justin Irvine (10 mins, 5 min for questions)*

11:05 -  
11:35  
**Using scenarios as a decision making tool: case-study examples**  
**Case-study 1:** *Using the Ecosystem Approach to Manage Change*  
*Presentation by Iain Brown (10 mins, 5 min questions)*  
**Case-study 2:** *Using land use and climate scenarios to explore impacts on future water quality.*  
*Presentation by Sarah Dunn (10 mins, 5 min questions)*

11:35 -  
12:00  
**Feedback from Questionnaire: Exploring the diversity of policy objectives, issues and drivers**  
*Presentation by Rachel Helliwell (10 min)*  
*Facilitated discussion (15 min)*

12:00-  
12:30  
**Lunch**

12:30 -  
13:45  
**Activity 1: Exploring drivers of change in different policy areas**

13:45-14:00  
**Coffee**

14:00 -  
15:25  
**Activity 2: Identifying common and specific drivers and their interactions**  
*Facilitated discussion*

15:25 -  
15:50  
**Next steps....**  
*Presentation by Marc Metzger (10 minutes)*
