Opening remarks  
The Chair welcomed everyone to the meeting.

1 Apologies  
Joan MacNaughton (JM), Iain Reid (IR), Archie Gibson (AG), Susan Davies (SD)

2 Register of Interests  
Members were asked to complete the annual Register of Interests (ROI) form and return to Secretariat.

3 Minutes of the meeting held on 13 February 2019.  
The minutes of the meeting held on 13 February were approved.

4 Matters arising  
- Meetings with two key EU partners in the Institute for Agricultural, Fisheries and Food Research (ILVO) in Belgium and the Swedish University for Agricultural Science (SLU) have been held with a view to having closer relationships post Brexit.
- We are also exploring options with Scotland Europa which has an office in Brussels.

A verbal update was provided on 7.2 (Estate Strategy)
Three companies have asked to relocate to Craigiebuckler. This could result in additional annual income to the Institute. All actions were either in progress or complete.

5 Health and Safety
An update paper on Health and Safety was received for information. GL provided a verbal update.
- On the inspection tours at both sites it is evident that staff are getting the message that H&S is driven from the Board down.
- There was a noticeable difference during the inspection in Dundee after the site clean-up in early March.
- Other Board members are encouraged to join any of the building inspections.
- The Board noted the positive culture change by staff towards health and safety.

The Institute has received a CAPEX allocation from Scottish Government (SG) to deal with the asbestos issue in Building D. An option to demolish and rebuild, especially given the age of the building (40 years), will be investigated.

6 GDPR notifications
The DPO report is provided quarterly and not due this time. DL gave a verbal update on GDPR. In the period there have been two minor non-conformances. There is a pattern emerging that documents that the most frequently reported issues involve inadvertent emails to unintended recipients.

7 Strategy Planning and Budget
7.1 Science and Business outlook and long-term financial forecast
Three papers were provided to help inform discussion about the proposed budget. The Board thanked the Executive for preparing the papers, saying they were useful building blocks for the strategic direction of the Institute.

The Board were reassured that a lot of the analysis had been carried out on underpinning strategic decisions that have to be made.

All actions were complete.

7.2 2019/20 Annual Operational Plan and budget
The draft budget had been discussed at the February meeting. Comments and feedback from the A&F and the Board meetings in February were taken on board and a revised draft budget prepared which was provided for discussion and approval.

The Board reiterated its full support to the Executive, repeating its wish to see the Institute as fit for purpose and offering help in achieving that.

The Board approved the budget.

7.3 Internal Audit Plan
The Internal Audit Plan for 2019-20 was received. It had been discussed the previous day at the A&F meeting. The paper included a timetable covering aspects of work to be undertaken and time allocation. The Plan was approved.

7.4 Risk Registers
The Risk Registers were provided for information. Of note there were no substantial changes to the main register since the last Board meeting. The Brexit register is constantly changing. Both registers were approved.

7.5 Tay Cities Deal (TCD) Update and governance models
An update paper was provided for information.

7.6 Employee/Board engagement mid-term report
The report was received for information. The Working Group received a copy of the paper in advance. The Chair asked that the Board’s thanks be given to the Working Group.

8 Regular reports
8.1 CEO Report
The CEO report was received for information. It was noted a lot had been happening in the past six weeks. The Board was impressed with the political traction gained.
