Hutton
Institute

Sessions available:

8-12 August
10:00 - 17:00
13 August
10:00 - 12:00

**Drop-in sessions of 20 minutes
run throughout the day.
Groups can pre-arrange longer
visits by emailing:
paula.horne@hutton.ac.uk**

Explore a virtual ash woodland in the James Hutton Institute's Virtual Landscape Theatre.

See what effects the disease has on an ash woodland and what it could look like in the future. With an easy-to-use hand-held console you can learn about the management options for reducing the impact of ash dieback.

© The James Hutton Institute

The Virtual Landscape Theatre is an interactive environment for exploring landscapes, changing their content and discussing management options.
