Thursday 16 July 2015

1.00pm – 5.30pm

The James Hutton Institute,
Errol Road, Invergowrie DD2 5DA

This free event is a must attend for those in the soft fruit industry. It offers an excellent opportunity to network, see the 2015 crop trials and view the latest research projects

This year's event will feature talks on the James Hutton Institute's fruit breeding programmes, new and emerging pest and diseases of soft fruit, and research on new crop opportunities. Field tours will enable visitors to see and taste the latest new raspberries in the breeding plots, hear about new methods for assessing environmental impacts on plants and see some of our experimental work on national and international projects.
