

Full Name	Thesis Title	Main Institute Supervisor	University Supervisor	University of Registration	Viva Passed
David Boldrin	Understanding Plant Water Relations and Root Biomechanics for Hydro Mechanical Reinforcement of Slopes	Glyn Bengough	Anthony Leung	Univeristy of Dundee	25-Jul-18
Eleana Grammatopoulou	Investigating the Resource Accumulation Hypothesis of the Sediments of the Mariana and Kermadec Trenches	Barry Thornton	Dan Mayor	University of Aberdeen	07-Aug-18
Isla Hodgson	A Conflict with Wings: Understanding the Narratives, Relationships and Hierarchies of Conflicts Over Raptors and Red Grouse in Scotland	Anke Fischer	Steve Redpath	University of Aberdeen	04-Sep-18
Asanterabi Lowassa	Institutions and Illegal Bushmeat Hunting by Local Communities in Serengeti District	Anke Fischer	Maghimbi	Univeristy of Dar Es Salaam	31-Jul-18
Florence Lwiza	Economic Evaluation of Small Scale Biogas Digesters and Their Acceptability Amongst Rural Households in SSA	Jelte Harnmeiger	Jonny Mugisha	Makerere University	09-Sep-18
Carmen Escudero Martinez	Understanding Molecular Events During Barley-Aphid Interactions	Jorunn Bos	Paul Birch	Univeristy of Dundee	11-Sep-18
Jennifer Slater	Effects of the Maternal Rearing Environment on Pea Aphid ( <i>Acrythosiphon Pisum</i> ) Trophic Interactions	Ali Karley	Adam Price	University of Aberdeen	15-Aug-18
Kristine Bogomazova	Identification of Species Limits: Clarifyng Taxonomy and Ecology of BAP Lichens	Ruth Mitchell	Sarah Woodin	University of Aberdeen	18-May-18
Siobhan Rosin Dancey	Development and Implementation of a New National Warning System for Potato Late Blight in Great Britain	David Cooke	Paul Birch	Univeristy of Dundee	14-Jun-18
Fulvia Dracchio	Using a Barley Nested Association Mapping (NAM) Population to Mine Wild Barley Germplasm for Crop Improvement	Andy Flavell	John Brown	Univeristy of Dundee	12-Jun-18
Peggy Ehrlich	Host Identity, Climate and Nitrogen Deposition as Determinants of Ectomycorrhizal Fungal Diversity and Distribution in Scotland	Andy Taylor	David Johnson	University of Aberdeen	11-Jun-18
Julen Gonzalez	Sustainable Development: Why Is It Not Delivering on Its Promise?	Iain Gordon	Terry Dawson	Univeristy of Dundee	01-May-18
Wenbin Guo	Computational Analysis and Method Development for High Throughput Transcriptomics and Transcriptional Regulatory Interference in Plants	Runxuan Zhang	John Brown	Univeristy of Dundee	18-May-18
Charlotte Hurst	The Role of S-Acylation in Plant Receptor-Like Kinase Function	Piers Helmsley	Claire Halpin	Univeristy of Dundee	09-May-18
Stylianos Kryriakidis	Identifying the Nature and Extent of Gene Sequence Diversity in Wheat and Barley	Joanne Russell	John Brown	Univeristy of Dundee	23-May-18
Charlie Langan	Mapping of Risk to Wetland Ecosystem Services and Evaluation of Local and National Level Instruments for Wetlands in Uganda	Paula Novo	Jo Smith	University of Aberdeen	17-Apr-18
Patrizia Elena Vannuchi	Developing Molecular Approaches for Characterising Oribatid Mite Communities	Helaina Black	Andy Taylor	University of Aberdeen	11-Jun-18
Megan Watson	Exploring the Role of Greenspace and Neighbourhood Level Inequalities in Determining Physical Activity, Health and Wellbeing Outcomes in Young People in Aberdeen City	Tony Craig	Flora Douglas	University of Aberdeen	22-May-18
