The James Hutton Institute

By Foot:

If arriving on foot, please enter via our Arboretum. As you approach on Macaulay Drive from the South, walk past the main driveway (cars only) and follow the sign 50m further for a safer and more pleasant entry into our beautiful grounds. The reception is round the building, to your left.

Cycling:

The standard cycling route to the Institute from the town centre is: Union Street - A9013 - Union Grove - Cromwell Rd - Seafield Rd - Countesswells Rd - Macaulay Dr. This takes about 20mins. The route is on-road, shared with other traffic. To find our cycle shelters, cycle past the main entrance (cars only), past the pedestrian entrance and turn left into the back entrance. From the cycle shelters, walk around the building, keeping it on your right, to reach the reception.

Taxi:

We use Rainbow Taxis, who can be reached on 01224 878787.

Car:

The Institute has [two fast charge points](#) for electric vehicles. These are on the ChargeYourCar/ChargePlaceScotland network. To find them, drive along Macaulay Drive, past the main entrance on your left and take the first right. Continue past the entrance into the Nursery and the charge points should be on your right.

Accommodation:

The Institute has a few self-catering rooms available for visitors at reasonable rates. Contact hostel@hutton.ac.uk to book these.

Air Travel:

For international travellers, [Aberdeen Airport](#) is served from many destinations. We encourage you to consider only taking one flight and then taking the bus or train within the UK.
